School for the Performing Arts, LLC

Bachelor of Arts in Dance

Pre-Professional Dance Program

Created in 2014, our Pre-Professional Dance Program provides elite level training and professional opportunities to students ages 9-18. The pre-professional program bridges the gap for the student who wants to pursue a career in the arts while training at an elite level. This program is by audition only, and is for the serious dancer. The Pre-Professional Program develops the student's technique while growing a network behind the dancer before graduation from CSPA. Pre-Professional Dance students will have a one-on-one mentorship with a CSPA faculty member throughout the year. The mentorship will focus specifically on guiding the dancer to their goals and aspirations. This program requires a full 12 month studio commitment. Travel and competitive experiences may be required.

Tuition varies based upon level placement.

Pre-Professional students will receive
(based upon placement)

- ▶ Up to 6 hours of ballet per week
- ▶ Up to 1.5 hours per week of jazz, tap, modern
- ▶ 1 hour per week of contemporary, acrobatics, hip-hop
- ▶ One-on-one mentorship
- ▶ Dancers will perform in annual shows and community performances
- ▶ Once-per-month bonus education-only classes
